

REZA EFTEKHAR ASHTIANI

Date of Birth: 24 Jan 1967

Place of Birth: Tehran, Iran

BS. DMD. MS (Prosthodontist)

Fellow prosthodontist,

Master ICOI

Chair

School of dental technology

SBMU

Academic Degrees

- Fellowship in implant: Dental school Shahid Beheshti Medical University;
- Prosthodontics MS: Dental school Shahid Beheshti Medical University;
- Dentistry D.M.D: Dental school, Azad Islamic University;
- Radiology and Radiotherapy BS: Paramedical school Shahid Beheshti Medical University;

Additional Training

- ITI Advance Course, September 2000, Tehran University, Iran
- Paragon Advance Course in AEC, October 2000, Germany
- VITA course on new ceramic 2001 IRAN
- CERAMCO 3 advance course 2001 IRAN
- FRIALIT implant prosthetic course 2002 IRAN
- GIRRBACH CAD/CAM course 2002 Germany
- Implant advance course, Dental School University of Bern, Dubai
- CEREC course, USA California 2015

Membership

- Diplomat. ICOI
- ITI MEMBER
- International dental research
- Iranian association of prosthodontics
- Iranian association of dentistry

Academic Position

- Chair school of Dental Technology, Shahid Beheshti Medical University; Tehran, IRAN
- Visiting professor, NYU 2016
- Member of dental Technology Committee,

Ministry of health and medical education Tehran, IRAN

• Assistant Professor in Shahid Beheshti Medical University; Tehran, IRAN

• Former Chair of Prosthodontics Department in Yazd Dental School; Yazd, IRAN

Scientific advisor

- AryaNik implant company, first Iranian dental implant
- Iranian association of prosthodontics
- Iranian association of dentist

Other scientific Activities

- Foundation the department of dental implant, Yazd dental school, Yazd. IRAN
- Renewal the institute of dental Technology, Shahid Beheshti Medical University. Tehran. IRAN
- Design of curriculum for dental technology program for Iranian dental school, ministry of health and medical education Tehran. IRAN
- Accreditation of dental technology program in Azad dental school, Tehran, IRAN
- Accreditation of dental technology program in Artesh dental school, Tehran, IRAN
- Accreditation of dental technology program in Gorgan school of dental technology, Gorgan, IRAN

Publication Titles

- Effect of electric Current in Focal Spot Size of radiographic machines "Parto", 1992
- Casting Problem shooting, "Pazhohznde", 1998
- Evaluation of Castability of Iranian New PFM Alloy, "Pazhohznde", 2003
- Influence of impression techniques on dimensional accuracy of implant's master cast Shahid beheshti Journal of dental school 2006

- Needle stick injury in Iranian dental student
Shahid beheshti Journal of dental school 2007
- Management of Occupational Exposure to HIV in Dental to HIV in Dental Health Care Workers
Journal of Dentistry of TUMS 2009
- Micro leakage of Four Dental Cements in Metal Ceramic Restorations with Open Margins
Iranian Red Crescent Medical Journal 2015
- Effect of screw access hole preparation on fracture load of implant-supported zirconia-based crowns: an in vitro study
Journal of Dental Research, Dental Clinics, Dental Prospects 2016
- Comparison of dimensional accuracy of conventionally and digitally manufactured intracoronar restoration.
Journal of Prosthetic dentistry 2018

Book published

- Dental implant, renaissance of dental esthetics; A patient guide for implants dentistry
simorgh pub .2013 Iran
- Textbook of Fixed Prosthodontics. chapter 12 and 27 . National book pub 2016 Iran

Patent

- A milling blank and a method for fabricating dental bridgework using milling blank
US Patent App. 14/511,118 2014
- Curved abutment for dental implant
IR Patent grants no 85349. 2015
- Custom abutment and procedure for manufacturing for dental implant. US Patent App . 62/457,407 2017

Lectures in Conferences:

- Porcelain Inlay_clinical and Laboratory Technique, "4th International and 37th Annual Iranian Congress of Dental Association Tehran", 1997
- Detection of Casting Failure,
8th Iranian Annual Congress of Scientific Dental Prosthetics Tehran", 1999
- Esthetic post ,
40 th international Congress of Iranian dental association ,Tehran 2000
- Implant for general practitioner
40 th international Congress of Iranian dental association ,Tehran 2000

- Communication in esthetic dentistry,
41 th international Congress of Iranian dental association ,Tehran 2001
- Infection control in dental laboratory.
42th international Congress of Iranian dental association, Tehran 2001
- Surgical and radiographic stent in dental implant,
2ed international congress of Iranian association of prosthodontics, Tehran 2002
- Emergence profile in implant dentistry,
3rd international congress of Iranian association of prosthodontics, Tehran 2003
- Working relation between dentist and technologist
4th international congress of Iranian association of prosthodontist, Tehran 2004
- Positioning of implant in esthetic zone,
International congress of periodontology, 2005
- Prosthetic limitation of implants dentistry,
International congress of periodontology, 2006
- Selection of abutments in esthetics implant site;
first Iranian association of implant dentistry 2010
- Intra oral scanner and digital dentistry IDA 2012
- The keys of prevention of complications in Esthetic zone, IDA 2013
- Introduction of digital dentistry IDA 2015
- Criteria for selection of dental restoration in esthetic area
International cosmetic symposium 2016
- Dentist meat machine, IDA 2016
- CAD / CAM and dentist, shiraz dental congress 2016

Research Works

- Sprue Design in Base-Metal Alloys- Shahid Beheshti University, 1998
- Evaluation of Two Different Castability Test for PFM Alloys, Shahid Beheshti University, 1998
- The Accuracy of Three Implant Impression Techniques; 3D Analysis, Shahid Beheshti University, 1999
- Prevalence of Edentulous Status in Middle Age Patients' Yazd Dental School, 2000 -
- Evaluation of Retention In Halprin Impression Technique, Yazd Dental School, 2000 -
- Evaluation of minalux alloy for metal ceramic restoration, shahid beheshti university 2003
- Effect of different cement in prevention of micro leakage in crown with open margin. shahid

beheshti university, 2004

- Correlation of marginal opening and micro leakage, shahid beheshti university, 2005
- Evaluation of osseointegration in zirconia dental implant in dogs. An experimental study

shahid beheshti university, 2006

- Evaluation of fracture mode of zirconia implant with different design, an animal study

Shahid beheshti university 2007

- In vivo clinical assessment of 3shape intra oral scanner Shahid beheshti university 2016
- Comparison of conventional method with digital workflow for making onlay restoration, Shahid

beheshti university 2016

- Comparison of dimensional accuracy of conventional and 3d printing for manufacturing intra-coronal restoration Shahid beheshti university 2016
- Clinical evaluation of CAD CAM full zirconia posterior crowns fabricated by trios3 intra oral scanner, Shahid beheshti university 2016
- Retrospective radiographic assessment of dental restoration made in Tehran IRAN in 2015, Shahid beheshti university 2007
- Assessment of knowledge, attitude and practice of dental technologist about infection control in Tehran laboratory in 2016, Shahid beheshti university 2007
